

# All Natural Lamb from New Zealand

*From the clean, green pastures of New Zealand, our suppliers produce top quality, all natural lamb...free of hormones, artificial ingredients, steroids or any growth stimulants.*

## Why New Zealand?

Due to the climatic conditions of New Zealand, they are able to produce top quality lamb year-round and have become world renowned for producing one of the best lamb products in the world.

## What makes it All Natural?

All lambs processed and packaged under the *TK & Hawke's Bay Natural Lamb* brand are raised in a **free range, stress free** environment. Lambs processed

**NO** hormones, steroids or growth promoting antibiotics are used in the processing of the Lambs.

Products are selected from animals which are subjected to stringent grading standards based on weight, muscle confirmation and fat measurement. Hygiene and food safety standards are constantly monitored and improved, resulting in consistent quality and service. All carcasses are processed into pre packaged cuts to meet the changing needs of our international customers.

Our natural lamb products are used around the world, in some of the most elegant, sophisticated restaurants and in busy households where nutritious natural convenience foods are important. We focus on value-added products, saving our customers time and money.

## Key points of our All Natural New Zealand Lamb:

- Natural New Zealand Lamb is rich in protein, iron, zinc, B vitamins and surprisingly low in fat and calories.
- New Zealand's sustainable farming methods, clean environment and free of major diseases are all important factors make New Zealand Lamb an excellent and health choice.
- Minimally processed and raised **without** antibiotics, hormones or growth stimulants.
- Grass-fed and free range.
- Available all year round
